Statement of Health & Safety Policy

Your safety is the constant concern of this company. Every precaution has been taken to provide a safe workplace. **System 6 Advanced Coatings Inc.** makes regular inspections and holds regular safety meetings. We continuously meet with management to plan and implement further improvements in our safety program. Common sense and personal interest in safety are still the greatest guarantees of your safety at work, on the road, and at home. We take your safety seriously and any willful or habitual violation of safety rules will be considered cause for dismissal. System 6 Advanced Coatings Inc. is sincerely concerned for the health and well being of each member of the team.

The cooperation of every employee is necessary to make this company a safe place in which to work. Help yourself and others by reporting unsafe conditions or hazards immediately to your supervisor or to a member of the safety committee. Give earnest consideration to the rules of safety presented to you by poster signs, discussions with your supervisor, posted department rules, and regulations published in the safety booklet. Begin right by always thinking of safety as you perform your job, or as you learn a new one.

Accident reporting. Any injury at work—no matter how small—must be reported immediately to your supervisor and receive first aid attention. Serious conditions often arise from small injuries if they are not cared for at once.

Specific safety rules and guidelines. To ensure your safety, and that of your coworkers, please observe and obey the following rules and guidelines:

- Observe and practice the safety procedures established for the job.
- In case of sickness or injury, no matter how slight, report at once to your supervisor. In no case should an employee treat his own or someone else's injuries or attempt to remove foreign particles from the eye.
- In case of injury resulting in possible fracture to legs, back, or neck, or any accident resulting in an unconscious condition, or a severe head injury, the employee is not to be moved until medical attention has been given by authorized personnel.
- Do not wear loose clothing or jewelry around machinery. It may catch on moving equipment and cause a serious injury.
- Never distract the attention of another employee, as you might cause him or her to be injured. If necessary to get the attention of another employee, wait until it can be done safely.
- On ALL of our jobsites, you must wear protective equipment, such as safety glasses, masks, gloves, hard hats, etc. as required.
- Safety equipment such as restraints, pull backs, and harnesses are designed for your protection. Be sure such equipment is adjusted for you.
- Pile materials, skids, bins, boxes, or other equipment so as not to block aisles, exits, fire fighting equipment, electric lighting or power panel, valves, etc. **FIRE DOORS AND AISLES MUST BE KEPT CLEAR.**
- Keep your work area clean.

System 6 Advanced Coatings Inc., 8420 Hwy 11, S., Severn, Ontario L3V 0N4, 705 326-3666, Fax 705 326-3605

- Use compressed air only for the job for which it is intended. Do not clean your clothes with it and do not fool with it.
- Observe smoking regulations.
- Shut down your machine before cleaning, repairing, or leaving.
- Tow motors and lift trucks will be operated only by authorized personnel. Walk-type lift trucks will not be ridden and no one but the operator is permitted to ride the tow motors. Do not exceed a speed that is safe for existing conditions.
- Running and horseplay are strictly forbidden.
- Do not block access to fire extinguishers.
- Do not operate machines or equipment until you have been properly instructed and authorized to do so by your supervisor.
- Do not engage in such other practices as may be inconsistent with ordinary and reasonable common sense safety rules.
- Report any UNSAFE condition or acts to your supervisor.
- HELP TO PREVENT ACCIDENTS..
- Lift properly—use your legs, not your back. For heavier loads, ask for assistance.
- Do not adjust, clean, or oil moving machinery.
- Keep machine guards in their intended place.
- Do not throw objects.
- Clean up spilled liquid, oil, or grease immediately.
- Wear steel toed shoes and appropriate clothing. Shorts or mini dresses are not permitted.
- Place trash and paper in proper containers and not in cans provided for cigarette butts.

Safety checklist. It's every employee's responsibility to be on the lookout for possible hazards. If you spot one of the conditions on the following list—or any other possible hazardous situation—report it to your supervisor immediately.

- Slippery floors and walkways
- Tripping hazards, such as unused lumber, extension cords, etc
- Loose handrails or guard rails
- Dangerously piled supplies or equipment
- Unlocked doors and gates
- Electrical equipment left operating
- Open doors on electrical panels
- Leaks of diesel, water, oil, etc.
- Evidence of any equipment running hot or overheating

System 6 Advanced Coatings Inc., 8420 Hwy 11, S., Severn, Ontario L3V 0N4, 705 326-3666, Fax 705 326-3605

- Evidence of smoking in non-smoking areas
- Safety devices not operating properly
- Machine, power transmission, or drive guards missing, damaged, loose, or improperly placed

Safety equipment. Your supervisor will see that you receive the protective clothing and equipment required for your job. Use them as instructed and take care of them. You will be charged for loss or destruction of these articles only when it occurs through negligence.

Safety shoes. The company will designate which jobs and work areas require safety shoes. Under no circumstances will an employee be permitted to work in sandals or open-toe shoes.

Safety glasses. The wearing of safety glasses by all shop employees is mandatory. Strict adherence to this policy can significantly reduce the risk of eye injuries.

Hard Hats. All employees must wear hard hats whenever they are on a jobsite.

Harnesses. All employees must wear hard hats whenever they are on a jobsite.

Good housekeeping. Your work location should be kept clean and orderly. Keep machines and other objects (skids, foam, lumber, unused material, etc.) out of the working area. Clean up spills, drips, and leaks immediately to avoid slips and falls.

Place trash in the proper receptacles. Stock shelves carefully so merchandise will not fall over upon customer contact.
